RE: Bylaw 207.B(3): Underperforming Schools

Students transferring from a school on the California Department of Education list of underperforming schools may transfer to another public high school (including a charter school) under the guidelines listed in the attached bylaw revision.

First Reading/ Discussion: November 1, 2010

Vote: February 4, 2011

Bylaw 207.B(3) – Underperforming Schools

A student, at any grade level, may transfer from an underperforming school, as defined by the State Department of Education without limitation upon receipt of a valid 207 Form. Any student transferring under the provisions of this Bylaw must meet all other applicable transfer guidelines [see Bylaws 203, 204, 205, 207.B(1), 210]. Students may not receive unlimited eligibility if there is evidence the transfer is athletically motivated, or if there is evidence of pre-enrollment contact (see Bylaw 207.C). All requests for athletic transfer eligibility (207) must be accompanied by a copy of their district-approved transfer documentation/form under the applicable district guidelines. Students may not transfer from one underperforming school to another underperforming school.

Students transferring under the provisions of Bylaw 207.B(3) must transfer to a public school (including charter schools) that is not on the list of underperforming schools. The school must be the next closest public or charter school to the residence of the student and the parent(s)/guardians(s)/caregivers with whom the student was living when the student established residential eligibility at the underperforming school.

Bylaw 207.B (2): Hardship Waivers (Becomes Bylaw 207.B(3))
